Subject: WDNR/EPA Air Program Director's Call - Follow-up

Dear Gail and Andy:

Thank you for taking the time on May 11, 2018 to discuss WDNR's air pollution control program and the progress on air program activities in Wisconsin. We appreciate the opportunity to hold this discussion and your commitment to progress toward accomplishing our environmental goals. In accordance with 40 Code of Federal Regulations 35.115, this call, the programmatic breakout sessions, as well as your annual report satisfy the joint evaluation requirements. The breakout sessions also serve as the starting point in our negotiations of your FY 2019/2020 Section 105 application and we look forward to seeing your submittal of a work plan and budget soon.

We will follow-up and keep you posted on several issues discussed. Our discussions resulted in the following next steps:

- **FY 2018 Funding** - EPA will keep you apprised as to when we receive and are able to provide final funding for your state air program grants.
- **Sheboygan County Ozone issues** – EPA will review WDNR's redesignation request and coordinate a follow up call to discuss how best to respond to this request.
- **SIP Notebook** – EPA will work with WDNR to ensure completion of this project. A face-to-face meeting in Wisconsin will be discussed to continue progress that has been made to date.
- **Sheboygan Kohler-Andrae Ozone Monitor** – EPA will be on the look-out for WDNR's Network Plan which is expected to be submitted at the end of June.
- **Compliance and Enforcement** – EPA is committed to improving communication between our Permits and Compliance sections. EPA will also work with WDNR on consistency in reporting of LONs and NOV's to ensure there are no continuing data reporting issues.

Overall, we are pleased with the ongoing positive communications and coordination between our Agencies, and the air program work done by WDNR to protect and improve air quality in Wisconsin. I look forward to strengthening our continued partnership and utilizing combined resources in support of this goal.

Sincerely,
 - Ed
